Addendum No.: 6

Project #: E2L64
Financial Project #213345-1-52-01
Federal Project # 2955.281 I

Title of Project: **Federal Oversight project** for Design Build for a new I-295 Interchange at Collins Road, and for the construction of a concrete collector-distributor road system, which includes capacity improvements for the Blanding Boulevard northbound on-ramp to I-295 southbound and for the resurfacing of Blanding Boulevard from the Clay County line to Collins Road.

A question has been asked: "Will the Department provide the revised pavement design before the third ATC discussion"?

The unapproved version of the RIGID pavement design for the CD Roads was included in the Draft RFP (Volume II, beginning on Page 173).

The approved version of the RIGID pavement design (approved by the Department on 04/26/2010) will be included in the Final RFP. In the meantime, this information is being distributed to the four shortlisted teams through this addendum 6.
